

3rd Stick

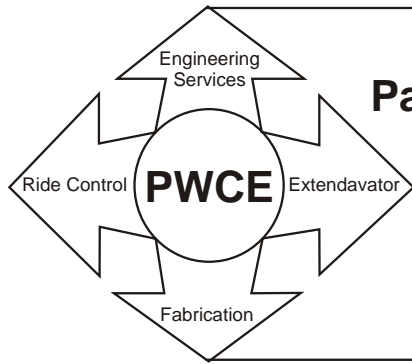

Product Features

- Ability to slope close to excavator tracks
- Adds 12 to 35 feet of reach
- Pins to the end of existing dipper stick
- Available for different weight classes
- Designed for maintenance free long front replacement
- No operator retraining

The 3rd Stick is an addition to the Long Reach Systems at PWCE. It should not be used in place of an Extendavator as they have different uses and are fitted to the machines differently.
